Dear Parent/Guardian,

This report provides information about your child’s performance on the Indiana’s ILEARN assessment. ILEARN is the summative accountability assessment for Indiana students to measure student growth and proficiency in English/Language Arts, Mathematics, Science, and Social Studies according to the Indiana Academic Standards.

Please read this report closely and discuss the results with your child and his/her teacher. Thank you for supporting your child’s education.

Dr. Jennifer McCormick
State Superintendent of Public Instruction

Indiana Learning Evaluation and Readiness Network
ILEARN Assessment Results

INFORMATION ON INDIANA’S ILEARN ASSESSMENT
ILEARN is Indiana’s new online computer-adaptive assessment designed to measure your child’s proficiency based on the Indiana Academic Standards. Overall student results in ILEARN are reported as four-digit scale scores. The overall scale scores for Indiana students align with the four proficiency levels (Below Proficiency, Approaching Proficiency, At Proficiency, and Above Proficiency). The report provides your family with useful information, including the following: how your child scored on the assessment, whether the scores meet state proficiency standards, and how your child’s scores compare with students in his/her school, corporation, and state.

Understand the ILEARN Assessment

The comparison scores table shows how your child’s scale score compares with peers at the school, corporation, and state levels.

The reporting category performance table shows your child’s performance across domains within a content area.

The informational response provides an estimation of your child’s ability.

English/Language Arts reports include descriptions of your child's performance on the Performance Task (i.e., writing portion). If a condition code appears, your child’s response could not be scored. Unscored responses include responses that are blank, insufficient, written in a non-scorable language, off-topic, off-purpose, or illegible.
